Possible Uses for Grant Money

Any ICTM member can apply for grant money. The following list contains suggestions for use of grant money but is not exclusive. If you have an original idea that involves math in or out of the classroom, apply for consideration!
Maximum Award is \$800.

Pay for travel expenses to and from the Conference

Pay for Conference registration

Pay for hotel accommodations while attending the Conference

Support graduate studies in mathematics or mathematics education

Support specialized studies of pedagogy or technology in mathematics education

Develop and implement creative and imaginative teaching approaches and techniques

To develop new print and non-print instructional curricula and teaching support materials

To implement teaching techniques and strategies that will increase student achievement in mathematics

To offset the cost of technology to use in the classroom in the teaching of mathematics

To pay for registration fees to student math competitions

To promote careers involving mathematics to students

CRITERIA FOR AWARD

Each grant recipient will:
Make a presentation at the 2013 ICTM Conference or write an article for the winter edition of the ICTM journal in 2013. (Articles are due August 1, 2012.)

This presentation or article may describe what the recipient learned as a result of receiving the ICTM Grant. (Please note that by signing this application, you have agreed to do this if awarded the grant.)

Submit receipts for travel, housing and/or registration to Maureen Busta (ICTM's executive secretary) on or before December 1, 2012.

Grant funds must be used before December 1, 2013.

TIMELINE:

August: Applications are available at www.iowamath.org

December 1st: Applications are due
January 15th-30th: Grant applications are reviewed and the recipients are notified

February: Grants awarded at the conference
